

# THE BLAIRMORE ENTERPRISE

VOL. XIV, NO. 4.

BLAIRMORE, ALBERTA, THURSDAY, JANUARY 25, 1923.

\$2.00 YEARLY

A Winnipeg wholesale grocery firm paid a fine of \$100 and costs at Chesholm, for selling goods retail to a local hotel.

Strange to say, but never the less a fact, that some dog owners in Blairmore punish the dog because he is not in possession of a license tag.

## COLEMAN JUNIORS

### HERE MONDAY

The Coleman juniors will play here again on Monday night next at 7 o'clock. The game will be worth seeing and the boys are out to win. Go and give them your support and also help them to down the Coleman tribe.

## TOWN COUNCIL MEETING

The regular fortnightly meeting of the town council was held on Monday night, Mayor McLeod and Councillors Morgan, J. Angus McDonald, Moroney, McVey and J. A. McDonald being present.

The minutes of previous meeting were approved and the following accounts were passed for payment, subject to approval by committees: Metcalf, Limited \$314.37, L. Hughes \$34.00, W. Lorne \$150.00, A. Cervo \$5.50, J. Spence \$150.00, Mrs. Kild \$167.76, F. B. Matthews \$6.15, Union Bank \$1,338.83, L. Molnar \$6.00, J. Jeffries \$5.00, A. Orlando \$5.25, Count Rinaldi \$3.75, S. Ennis \$34.60, J. H. Dickinson \$11.00, F. L. Stackhouse \$5.25, Alberta Government Telephones \$9.40, George Lang \$11.75, R. Crayford \$24.50, J. E. Upton \$8.50.

By-Law No. 79 received three readings and was finally passed, and F. Wright was thereby appointed returning officer for the forthcoming municipal and school district elections.

Councillor J. Angus McDonald gave notice that at the next regular meeting of the council he would introduce a by-law governing new schedule and regulations of electric service.

## FOOTBALL MEETING

A meeting of all interested in football will be held on Wednesday evening next, at 7.30, at the Corner Club, C. Thomason, Secretary.

W. Thibodeau, of Missoula, Montana, arrived here last week to attend the sick bed of his brother Paul.

A good new year resolution: "Be consistent."

## RIVERSIDE IRON WORKS

### HIVE OF INDUSTRY

One only has to pay a visit to the newest and latest addition to Blairmore's industrial enterprises, the Riverside Iron Works, to satisfy themselves that the promoters have hit on a plan in Blairmore.

Under the able management of Mr. Barnacle, the plant is now working to capacity, and judging by the amount of work offering, several additions to the buildings will be necessary very soon.

At first it was figured that the plant in the course of a year or so would be giving steady employment to twenty or thirty men. Opening but three months ago, they already have forty-five men on the payroll, which will amount to, about \$10,000 per month, and Mr. Barnacle expects before the end of the present year to increase the working staff to about one hundred.

The most up-to-date machinery has been installed and the company are in a position to handle almost anything in iron work for the territory. Coke is being brought in from Michel. Orders have already been received from points as far east as Medicine Hat and west to Trail, B. C.

Spitz's equipment has been installed for the manufacture of mine cars. From eight to ten of these cars of the most substantial construction are being turned out daily. Orders for these are being received from every mine in the district.

Spur tracks and sidings have been installed, one track passing through one of the main buildings where cars can be loaded and unloaded with quickest dispatch.

Mr. Barnacle is assisted in the office by Mr. Whiteside, an experienced accountant.

## THAT'S WHY THEY CALL

### 'EM JACKASSES think dat mule am blind!"

Sam, a colored "slick" had sold a pasture and he run right smack into mule to Mose. In a few days Mose a tree."

## "Why, Mose, what makes you all

"Sam, I done tura dat mule in a came back and claimed the mule was Sam—"Dat mule ain't blind. He just don't give a damn."

## The "Bank" Way

It is better to have a savings account which grows through compound interest than an investment which earns only simple interest.

More large fortunes have sprung from Bank accounts than from any other source. Pin your faith to the "Savings" way.

"Double your Savings; It CAN be Done."

## "I Had Terrible Backache From Kidney Disease"

### Dr. Chase's Kidney-Liver Pills

One pill a dose, 3 or 4 times a day. All dealers, or Edmondson, Bates & Co., Ltd., Toronto

Mrs. M. A. McNeill, Canadian Star, N.B., writes:

"I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$30.00 worth of other medicines, but with little result. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

## WORLD HAPPENINGS BRIEFLY TOLD

The Canadian destroyer, Patriot arrived at Bermuda, where she will be stationed for two months, under Sir William Fakenham, after which she will revert back to the Canadian navy.

Vancouver, notorious for its rains was comparatively a dry town in 1922. Only 10.63 inches of precipitation was officially recorded, or less than the average precipitation in Montreal.

Mohammed VI, the former Turkish Sultan, left Malta for Mecca, where Hussein, king of the Hedjaz, invited him to take sanctuary. The ex-Monarch travelled on board the British warship Ajax, which landed him at Jeddah, the port of Mecca, on the Red Sea.

Canadian exports to the United States for October, the first complete month in which the new tariff law was effective, totalled \$2,385,109, compared to \$2,015,176 in the same month of last year.

Lucien Picaud, Secretary of the Office of the High Commissioner for Canada in London, has been appointed a representative of the Canadian Government on the Pacific Cable Board.

The city of Victoria will spend \$250,000 immediately in paying half the cost of construction of a grain elevator on the Ogden Point pier, provided the Federal Government will spend an equal amount on the project.

The Arctic trails have claimed another victim. Mail-carriers bring word of the death of a man named Emerson on the lower Yukon River between Circle and Fort Yukon. Apparently he walked into an overflow of water and suffered frozen feet before he could find his way out of the flooded area where he died in his tracks.

While it is well known that Aspirin means Bayer manufacture, to save the public against imitations, the Tablets of Bayer Company are stamped with their genuine trade mark, the "Bayer Cross".

## Household Hints

Valuable Hints For the Busy Housewife

### Yorkshire Pudding

1 cup flour, 1/2 teaspoon salt.  
1 cup milk, 2 eggs.  
1/2 cup Hot Malted Raisins.  
2 slightly beaten egg whites.  
Sift flour and salt together and add raisins. Add milk gradually to form a smooth paste. Add well beaten egg yolk and fold in egg whites. Cover the bottom of a hot oven with some beef fat, fried out from roast. Pour mixture into pan. Bake in hot oven about 20 minutes. After it is well risen baste with hot fat from roast. Cut into squares and serve on platter with meat.

### Raisin Cup Cakes

1 1/2 cup butter or shortening.  
2 teaspoons baking powder.  
1 1/2 cups flour, 2 eggs.  
1/2 teaspoon salt, 1 cup sugar.  
1/4 teaspoon nutmeg, 1/4 cup milk.  
1/2 cup Sun-Maid Raisins.  
Cream butter and add sugar slowly, creaming them together. Add beaten eggs. Mix well. Sift flour, baking powder, salt and nutmeg together. Add to butter mixture alternately with the milk. Add floured raisins. Put into greased muffin pans. Bake in a moderate oven 20 to 30 minutes. This makes about 21 small cakes.

### B.C. Berry Acreage

Berry acreages in British Columbia show increases in almost every district. There are 2,336 growers and 6,302 acres now devoted to raspberries, blackberries, loganberries, and strawberries. In addition there are 854 acres planted to gooseberries, 42 to red currants, 135 to black currants, 111 to rhubarb. The total acreage in increase was over 1,300 acres, as compared with 1921.

Don't Submit to Asthma. If you suffer without hope of breaking the chains which bind you do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. It will drive away all doubt as to its efficiency. The sure relief that comes will convince you more than anything that can be written. When help is so sure, why suffer? This matchless remedy is sold by dealers everywhere.

### Living in Hope

Bobby was in the habit of coming to table with a dirty face, and, of course, had to be sent away. Once his mother, nearly losing patience said, "Bobby, why do you persist in coming to the table without washing?" You know I always send you away."

## "Cascarets" 10c

For Sluggish Liver or Constipated Bowels

Clean your bowels! Feel fine! When you feel sick, dizzy, upset, when your head is dull or aching, or your stomach is sour or gassy, just take one or two Cascarets to relieve constipation. No griping—neither laxative-cathartic on earth for grown-ups and children. 10c a box. Taste like candy.

## Vegetable Culture in Alberta

Province Will Soon Have All Vegetables Required for Canning Purposes

Alberta in the near future will be able to raise on its irrigated lands all the corn, peas, and other vegetables for canning that are now being imported into the province, according to Hon. George Hoodley, Minister of Agriculture. He also enlarged upon the possibilities of sugar beet growing and a sugar industry in the irrigated areas of the province, as soon as irrigation farming was established.

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attested their power in hundreds of cases and at all times are thoroughly trustworthy.

Probably the best known woman astronomer in the world is Miss Annie J. Cannon, of Harvard College Observatory. Miss Cannon has discovered more than 80 stars and has contributed much to the literature of astronomy.

A man in London who won a \$7,500 prize in a newspaper competition was ordered by the court the next day to pay \$1,250 of the money to his wife as arrears of alimony.

## War On Narcotics

Dominion-wide Body to Combat Menace of Drug Traffic

Definite announcement of a Dominion-wide body to combat the menace of the drug traffic in Canada was made in Montreal. The organization has come into being with the approval of the Dominion Government Department of Health and the commission and personal support of hundreds of public welfare workers, noted clergymen, civic and government officials and others and is known as the Anti-Narcotics Educational League of Canada.

The objects of the league are of a sweeping nature. Taking as its slogan, "Canada has 60,000 drug addicts; we must wipe out this menace," officials of the league outlined their plans as follows: Investigation of the narcotic drug situation in general; co-operation with the police in every city; establishment of a legal department for representation in courts to see that justice is done users, traffickers, etc.

The collection of arms and armor at the Tower of London contain about 6,000 examples from the Middle Ages downwards.

## RHEUMATISM?

If you are a Sufferer, Heed This Advice

Collarwood, Ont.—It is with pleasure that I write this note of commendation. I suffered most grievously from rheumatism for three years and have been completely cured of same by taking a few packages of Dr. Pierce's Auriferous Tablets and Dr. Pierce's Golden Remedy.

Send 10c to Dr. Pierce's Laboratory in Bridgeport, Ont. for trial package of Dr. Pierce's Auriferous Tablets and Dr. Pierce's Golden Remedy. Write for free confidential medical advice.

HAVE YOU A COUGH? This is of vital interest to you. Woodstock, Ont.—My husband and I have been suffering from Dr. Pierce's Golden Medical Discovery and we both feel that he owes his present good health to this splendid medicine. Bronchial pneumonia, as a child, left him with chronic bronchitis and it just kept getting worse every year even though he doctors and tried every remedy recommended to him. Some nights he would cough so hard I used to be afraid he might die before morning. Last fall his mother advised him to try the "Golden Medical Discovery" and from the first few doses he improved. It is just a year now and he seems to be entirely cured of all his troubles. Write to Mrs. R. M. Green, 27 Sydney St., Montreal, Que. Get the Discovery today at any medicine dealer, tablet or liquid.

## Southern Alberta Turkeys

Heavy Shipments Made this Season to Eastern and Southern Points

Tons of choice milk-fed turkeys and chickens have been shipped out of Southern Alberta to Montreal, Toronto, Vancouver, Seattle, Spokane and Tacoma. Never have shipments to outside markets been so heavy, and never has the quality been better. One farmer, who shipped some 900 fowl to Montreal this season, expects to increase his surplus stock to 2,000 by next Christmas.

Corn cannot exist when Holloway's Corn Regulator is applied to them, because it goes to the root and kills the growth.

## The Tide of Industry

Business Slumps and Booms Can Be Regulated Effectively

At this time of the year, when ponderous reviews of the trade and industry of the country make their appearance, the public will hear much about the "business cycle" and the "turn of the tide." Such catchwords mean, for the most part, that the financial writers regard the recurring periods of inflation and depression as something beyond the control of man. They are presumably, like the tides, produced by the main in the moon. But the business cycles and tides, the slumps and booms, can be regulated as effectively as hydraulic engineering is making it possible to regulate the flow of great rivers—so that, instead of the extremes of drought and flood, there can be an assured supply and demand all the time. When the stream of trade and industry is thus regulated, civilized nations can emancipate themselves from the industrial waste of unemployment and so-called high cost of living. Something more enlightened than the catch-words of current finance is needed, however, to achieve this work of economic conservation.—The Ottawa Citizen.

## Coal From Alberta

According to Charles Murphy, General Manager of Western Lines of the Canadian Pacific Railway, Manitoba, is now getting 75 per cent of its coal supply from Alberta. A few years ago this market was almost entirely supplied from the American hard coal fields.

If the evil-in-men is visible it is an easy matter to overlook all the good.

Prices rose as high after the Napoleonic wars as after the recent world war.

Your opinion is all right—if you can get the right people to endorse it.

Minard's Liniment for Rheumatism

## Big Butter Production

Expected Saskatchewan Will Produce Over Thirty Million Pounds of Creamery Butter this Year

Honorable W. R. Motherwell, Federal Minister of Agriculture for Canada, stated in a recent address: "There is a widening out of farming operations on the prairies of Western Canada, a growing of new crops and a tendency to get into mixed farming, with its production of livestock and dairy produce." Saskatchewan alone will produce over thirty million pounds of creamery butter this year and this product is of splendid quality." Mr. Motherwell is a successful farmer himself in Saskatchewan.

You are not experienced? You use Dr. Chamberlain's Cough Remedy. It will cure your cough, soothe your throat, and give you relief. It is the best remedy for coughs, colds, and whooping cough. It is sold everywhere.

### SPEECH FROM THE THRONE

At Opening of Alberta Legislature.

Mr. Speaker and Members of the Legislative Assembly:

I welcome you to the Third Session of the Fifth Legislative Assembly.

In the month of September, His Excellency Lord Byng, Governor-General of Canada, and Lady Byng completed their official visit to the Province, having met with a very hearty and loyal reception at all points visited throughout the Province.

It is a source of deep regret that, since the close of the Special Session of July, the House has suffered the loss by death of one of its best known and most versatile members in the person of Mr. R. C. Edwards, one of the representatives of the City of Calgary. Mr. Edwards' many good qualities had won for him a firm place in the esteem of the House.

In view of the grave economic conditions prevailing throughout the Province during the past two or three years, resulting from short crops and the low price of farm produce, which have prevented a normal collection of revenue, my Government has felt that its first consideration should be a close scrutiny of all expenditures, with a view to economizing in every possible way. My Government feels that, throughout the coming year, the same critical scrutiny of all services involving public expenditures will be necessary.

Conditions existing in portions of the Province owing to crop failures, which necessitated the passing of The Drouth Relief Act, have somewhat improved during the past year, but the House will be asked to consider to what extent it will be necessary to continue provisions of the Act for another year.

My Government has had under consideration for the past year a City Act to replace the existing Acts of the various cities of the Province. Conferences have been held with the officials of the various cities, and this Act will be submitted for your consideration at the present Session.

Consideration has also been given to the extension and jurisdiction of the Board of Public Utility Commissioners. To this end, legislation will be submitted to you to enlarge the jurisdiction of the Board to include local government and other powers.

Negotiations with the Dominion Government for the turning over to the Province the Natural Resources have been continued during the past year. My Government will continue to urge upon the Dominion Government a settlement of the question on terms fair and equitable to the Province.

You will be asked to consider legislation dealing with certain important amendments to existing Statutes. The annual reports of the various Departments of the Government will be presented to the House in due course.

The Public Accounts for the last Fiscal Year will be placed before you, and the Estimates of Expenditure for the current Fiscal Year will be submitted for your consideration.

I now leave you to these and any other matters that may be submitted to you, with confidence that the public interest will at all times be advanced and fully safeguarded.

"What are you plunging back into the water for, Pat? You just swam ashore."

"Shure, Oi had to save meself first. Now Oi'm going back to save Moike."

### NOT IN THE ENTERPRISE CLASS

The presses in use in the Curtis Publishing Co. plant today represent an investment of more than \$4,650,000 and the presses that are being built to add to the equipment will cost \$5,000,000 more. The average person has no appreciation of the tremendous amount of equipment necessary to get out three publications with big circulations as The Saturday Evening Post, The Ladies' Home Journal and Country Gentleman. These periodicals require presses of various kinds. For example, there are now in use twenty-seven multi-color presses, thirty presses that print in two colors and ninety-three presses that print the plain black. The average weight of these presses is perhaps forty tons. There are six more multi-color presses being built, and thirty-five two color, and seventeen black presses. All told, what is termed the factory end of the Curtis plant there are 2,600 employees. This factory end does not include the people in the circulation and distribution departments. The plant works night and day five days a week. Effort is made not to work on Saturday. Of course, there is no work done on Sunday. This no-work-on-Saturday plan does not always succeed. The workers put in forty-eight hours a week but do it in five days, but they are not always able to get through with all the tasks within the five days.—From Forbes Magazine.

### UNEMPLOYMENT DECREASED

There is much less unemployment in Alberta this winter than last, according to published figures. Last week a total of 1175 men were registered as unemployed at the five labor bureaus in the province, as compared with 3763 at the same time last winter. A conference on unemployed was held by Premier Greenfield and Hon. Alex. Ross with authorities in Calgary last week, at which Premier Greenfield declared that he believed every able-bodied man would be able to find work this winter, since a good deal of work was being carried on by the government as well as other agencies. Contracts for bush, timber and t'e work has absorbed unemployed from Edmonton, and there had been further calls for men. Railway work was also to be undertaken.

### UP-TO-DATE

An aeroplane was flying over the countryside, and the pilot was indulging in a little stunting. Absent-mindedly he looped the loop, quite forgetting that he had on board a parcel containing a pair of boots.

Naturally they dropped out and landed just in front of an old woman in a cottage garden.

The package burst open and out rolled the boots much to her astonishment.

Picking them up, she hobbled indoors and called to her husband. "Ere ye are, Garge! They boots ye ordered 'ave come. What a wonderful thing this wireless is! I thought I 'eard the buzz of 'em coming through the air."

### LETTERS FROM

### CORRESPONDENTS

Hellerist, Alberta

Jan'y 21th, 1923

Dear Master Sir Editor—

Some week ago you had ore letter in your papper that we what you call that word oh partner with Belly Vue in one big skate ring you must now tell Belly Vue its one big dam lie we no partner them at notthink we got money enough of our own in Hellerist to shake ore skate ring and if we do not strike next march we are going to haff one big meting soon about it just you see Belly Vue only want partner when they win that no good for us we get good start if Belly Vue pay us that money ore football won twice year ago we keep that town hockey club now but we quit pretty soon and haff our own fun here. I no rite english were good master teller but you will savey what I mean tell

### MINERVA CHAPTER, O.E.S.

At the regular meeting of Minerva Chapter, No. 41, O.E.S., at Coleman on Thursday evening last the officers for the ensuing term were duly installed by Theodore P. Newman, D.D., G.P., of Pincher Creek. Following are the officers for 1923:

W. M.—Mrs. Arthur Graham.  
W. P.—Alex. Cameron.  
A. M.—Mrs. W. Milley.  
Secretary—Mrs. W. Cooke.  
Treasurer—Mrs. A. Graham.  
I. P. M.—Mrs. A. McLeod.

### HUSBAND'S STORY WILL AMAZE BLAIRMORE

He says: "Adler-ika helped my wife for gas on the stomach and sour stomach in TWENTY MINUTES. It works beyond greatest expectations." Adler-ika acts on BOTH upper and lower bowel removing foul matter which poisoned stomach. Brings out all gases and sour, decaying food. EXCELLENT for chronic constipation Guards against appendicitis. Adler-ika removes matter you never thought was in your system and which may have been poisoning you for months.—BLAIRMORE PHARMACY.

### MARK TWAIN ON BOOKS

"I suppose," a young woman once said gushingly to Mark Twain, "that you're awfully fond of books, aren't you?"

"Well, that depends," drawled the humorist. "If a book has a leathery cover, it has magnificent value as a razor stop. A brief, concise work such as the French write is very useful to put under the short leg of a wobbly table. Large old-fashioned books with clasps can't be beat as missiles to hurl at dogs. A large book like a geography is nearly as good as a piece of tin to nail over a broken window pane."

Less than four thousand extra copies of The Enterprise were disposed of last week.

everybody will you

You to be sure

JOHN SAKAS

### A NATIONAL INSTITUTION

A journal that for over fifty years has grown in public esteem until it has acquired the largest number of readers of any journal in the country in which it is published may without exaggeration be said to have grown into a national institution.

By the testimony of its readers, by the testimony of the press of Canada, by the testimony of vast numbers of the thinking people, and by the admission of capable journalists and other onlookers in other countries, The Family Herald of Montreal, based on its enormous army of readers on its independence and on its devotion to the welfare of the country, has come to be regarded as one of the National assets of the Dominion.

For the year 1923 the publishers of The Family Herald and Weekly Star promise their readers: better value than ever in the past, with more valuable contributors and more resources in all departments. The plans involve heavy outlay for new features, but the subscription price will remain at \$5.00 per year, the extra expenditure being undertaken in absolute faith, upheld by the confidence and practical co-operation of more than half a million readers.

The New Year has opened with a rush of subscriptions that has smashed all previous records. Judging by the stacks of subscription orders that at times have threatened to choke the great Montreal Post Office, it would appear that half of Canada had selected The Family Herald and Weekly Star as the best all round journal for 1923.

### WHY BABIES CRY

It's often hard to find the trouble —It may be teething, it may be stomach— but oh! so often it is just a chafed irritated skin on which poor Soap has been used.

The remedy for this is so simple! Hours of suffering—night after night of disturbance—have been avoided by mothers, who have insisted on—Baby's Own Soap. Of course it costs a little more, a very little more, however—than what is often bought and used—but four generations of Canadian Mothers are there to vouch for its purity, for the soothing healing effect on Baby's delicate skin, for the lovely pure flower fragrance it leaves when Baby fresh and clean is taken from his bath.

Don't you think, Madam, it's worth paying the 15c a cake, a little less if you buy by the 5 cakes which our dealers ask for Baby's Own Soap. Adv.

John Cleoani, of Coleman, paid a fine of \$400 and costs when a found guilty before Magistrate Gresham of selling liquor on Christmas Eve. Cleoani was defended by Mr. Gillis, of Gillis & McKenzie.

BLAIRMORE

ALBERTA

The so-called Temperance Act is being attacked by the Mormon church.

On the Berlin exchange on January 16th, the dollar rate was around 18000 marks.

It cost the farmers of Alberta over ten thousand dollars to keep their official organ, the "U. F. A." alive during the year 1922. Evidently someone has been a friend of the U. F. A. for a purpose.

Hon. R. G. Reid, minister of health and municipal affairs, was the Alberta representative at the conference held in Ottawa recently on immigration affairs.

While the British Admiralty is "settling the world an example" by scrapping battleships on a wholesale scale, the army council is lopping off expenditures on the auxiliary military services so that all available money may be spent on services of immediate military value.

Twelve persons were killed and forty injured at Souda, Bulgaria, in an explosion of old shells at the establishment of a junk dealer. Many persons are missing. Four houses were wrecked when the 500 rounds of explosive went off, and doors and windows in the whole quarter were shattered.

### THE PASS FOURTEEN YEARS AGO

(Frank Paper, 1908.)  
July 16—The Hillcrest mine payroll is now between fifteen and twenty thousand dollars per month. The townsite of Hillcrest has just been subdivided and lots will be placed on the market shortly. For further particulars apply to C. P. Hill, Hillcrest Mines, Alberta.

F. M. Piffney received notice during the week of his appointment as coroner for Frank.

Miss Berry, teacher in the Frank school, left yesterday on a three week's trip to the coast.

The department of public works has given J. M. Carter a contract to make necessary repairs on the road up Spring Creek.

Professor Huston is visiting at Mr. and Mrs. Carter's, Gillingham, and is rapidly reducing the number of fish in Spring Creek.

Lloyd A. Manley advertises that "the purity of the goods served over his bar at Coleman cannot be blemished." We doubt it.

Mr. McVicar and mother, and Alex., a brother of Superintendent Samuel McVicar, of the coal company, arrived Monday from Glace Bay.

The college of physicians will hold a meeting at Blaimore next week to investigate charges brought against Dr. Beichel, of Lille, and Dr. O'Hagan of Frank.

The Lethbridge city council is negotiating with the C.P.R. for prices to haul trainloads of rock from the Frank slide to the city to be used in street making.

The new amendment to the liquor license act went into effect yesterday and henceforth all bars in the province will close at 10 o'clock in the evening, instead of at 11.30 as heretofore.

President T. C. Buchanan, of the Methodist conference, and district chairman J. M. Harrison, of Lethbridge, visited Frank this week. They have important plans for Frank, which will be announced later.

Trustees of the Spokane chamber of commerce extend their thanks to the various commercial bodies and others in this part of The Pass who have made the stay of the Spokane party on July 4th to 6th so pleasant.

W. J. Budd and W. B. Reilly, of the Rocky Mountain Cement Co., visited The Pass the first of the week. They inspected the work in progress and selected a site for an office building, on which work will start shortly.

The International Coal & Coke Company, of Coleman, will pay its second quarterly dividend for the year on August the 1st, of one and one-quarter per cent. The company has paid in dividends so far about \$301,000.

For the past two weeks the police have been working on a singular case endeavoring to unravel the mystery surrounding a dastardly attempt to wreck the Spokane flyer or the regular passenger train by placing a pile of railroad ties across the track near Hillcrest junction.

While returning from a dance at Coleman on Monday night, a mishap befell a party consisting of Mrs. Henry Pelletier, Miss Ella Pelletier and Miss Beale Patterson, of Lethbridge. The rig in which they were driving tipped over on some new grade, throwing out all the occupants. The team ran away, badly smashing the rig.

Two Blaimore young people were made happy Tuesday, when Albert Simons and Miss Annie Howard, daughter of Mr. and Mrs. Harry Howard, of the Cosmopolitan hotel, were united in marriage. The ceremony was performed by the Rev. James Sargent, at the Baptist parsonage.

The joint committee of the Western Canada Coal Operators Association and District 18 of the U.M.W. of A., met in Calgary on July 6, 7 and 8, and adjourned to meet at Bellevue.

### PRAYER IN THE SALOON

Francis E. Willard, in her autobiography gives a very good description of the work done by the Women's Temperance Crusade in the United States in 1913-14. Of course women then lacked that most effective weapon, the ballot, and one cannot read of their temperance efforts—by moral persuasion alone—without a smile and a tear.

"At a signal we moved on, and the next saloon-keeper permitted us to enter. I had no more idea of the inward appearance of a saloon than if there had been no such place or the earth. I knew nothing of its barrels with the ends all pointed towards the lookers-on, its shelves glittering with decanters and cut glass, nor of its abundant fumes, sickening to healthful nostrils.

"The tall, stately lady who led us placed her Bible on the bar and read a Psalm, whether hortatory or imprecatory, I do not remember; but the spirit of these crusades was so gentle, I think it must have been the former. Then we sang "Rock of Ages" as I thought I had never heard it sung before. Then the leader wished to know if I would pray. It was strange perhaps, but I felt not the least reluctance, and kneeling on that sawdust floor, with a group of earnest hearts around me, and behind them filling every corner, and extending in to the street, a crowd of unwashed unkempt, hard-looking drinking men I was conscious that perhaps never in my life had I prayed so truly as I did then. This was my Crusade baptism. Shortly after this I was made president of the Chicago W.C.T.U."

It very often happens that the extremely lazy man finds the four-leaf clover—which accords for the fact that good luck seldom comes to the lazy finder of a four-leaf clover.

There is talk of organizing a Rotary Club in Blaimore. Sure, let's come. Blaimore was never caught napping when something new in the sport or social line was being mooted.

The new provincial technical institute at Calgary was officially opened on Friday last by Lieut. Governor Brett. A number of members of the Alberta cabinet were present.

President E. W. Beatty, of the C.P.R., has awarded a full course in agriculture at the Alberta agricultural schools to the four prize winners of the Young Farmers' Club of Great Britain.

H. O. Davidson, a former paying teller of the Imperial Bank, who left his job at Edmonton last November, is believed connected with the robbery of eighteen thousand dollars from the bank.

Six persons were killed in a race riot at Rosewood, Florida, following an attack by a negro on a white woman. The negro section of the town was fired and destroyed, and the inhabitants fled to the woods for protection.

Miss Anita Garibaldi, prize daughter of the famous Italian patriot of the same name, was visitor to Edmonton, investigating conditions with a view to the encouragement of immigration of the surplus population of Italian farmers to America.

The old native inhabitants of the Canary Islands, who lived in caves on the mountain side, perfected a whistling language with which they could signal across the valleys. They have been known to communicate with each other up to distances of three miles by this means. No instrument was used, and only two or three notes were employed, but by variations of these a sort of dot and dash code was arrived at.

On July the 29th. The members of this committee are Lewis Stockett, W. F. McNeill, Charles Simister for the Western Coal Operators; and Sherman, Graham and Galvin for the U. M. W. of A.

Blaimore Lodge, No. 68, meets every Tuesday night at 8 p.m., in the Oddfellows' hall. Officers for the ensuing term: J. B. Harmer, N.G.; M. B. Hoffman, V.G.; Fred Goulding, E.S.; H. C. James, F.S.; J. Montalbetti, Treasurer.

Crows' Nest Encampment No. 8, meets on the second and fourth Wednesdays of the month in the L.O.O.F. hall at 8 p.m. Officers for ensuing term: J. Patterson, C.P.; W. T. Patterson, S.W.; A. Morency, J.W.; Wm. Patterson, Scribe; J. Montalbetti, Treasurer.

Crowfoot Rebekah Lodge, No. 66, meets the first and third Thursdays of the month at 8 p.m. Officers: Sister Archer, N.G.; Sister Evans, V.G.; Sister R. Simister, R.S.; Sister Hood, F.S.; Sister N. Evans, Treasurer.

Bellevue Lodge No. 116, meets every Monday night at 8 p.m. Officers: H. Jepson, N.G.; H. Harrison, V.G.; J. Shevels, R.S.; J. Wyatt, Treas.

Armistice Encampment No. 17, Bellevue, meets the first and third Wednesdays of the month. Officers: A. B. Carr, C.P.; Stephen Berry, H.P.; Harry Jepson, S.W.; Fred Padgett, J.W.; E. E. Exonoff, treasurer; Charles W. Ray, Scribe, Box 6.

Ray of Hope Rebekah Lodge No. 47, meets the first and third Wednesdays of the month. Officers: Sister Dryden, N.G.; Sister Litherland, V.G.; Sister Bell, R.S.; Sister Christie, F.S.; Sister Patterson, Treasurer.

Visitors of the Order are cordially invited to attend the above lodges.

A band of sixty striking miners and forty women, wives of pickets now imprisoned at Fort Saskatchewan, tried to run the pickets of the Peabody mine. Only a small band of pickets was on hand when the attack started, the strikers advancing behind a screen of women and picking the police with stones. They disregarded orders to keep off the property and for fifteen minutes the fight was waged vigorously, the police using batons, while the strikers were armed with clubs. A shower of coal and rocks was also indulged in, and several members of the R. C. M. P., who patrol the Peabody mine, which is on Dominion Government property, were cut, as were three other constables. The arrival of reinforcements caused the strikers to disperse, but not before eleven of their number, five women, and six men, were placed under arrest. The women were released on bail, as all had children at home.

The next supreme convention of the Knights of Columbus will be held at Montreal, beginning the first Tuesday of August.

## Movement Of Western Crop Was Unparalleled In The History Of Grain Marketing

In the spring of 1922, the outlook for the world's bread supply was far from encouraging. In the Canadian West and United States Northwest, bad weather delayed and hampered seeding, and the condition of the great winter wheat crop in the southwest was at a very low ebb.

In early summer the gloom had gone. Apart from a few limited areas, Canada's great spring wheat crop had gone right ahead. There was neither drought nor hail, wind or frost to greatly deteriorate prospects. No armies of grasshoppers or other pests invaded the land. The dreaded black rust did not appear. It is true that a large area in Saskatchewan fell below early promise, but even in the most unfortunate districts there was no crop failure. Harvest was general in the Canadian West in August. In the United States the winter wheat crop had been already gathered and had turned out well, while the spring wheat crop was much superior in both quality and quantity to that of any year since 1915.

North America had not failed in its contribution to the bread basket of the world, and Canada itself had certainly done its share. The industry of her farmers had contributed not less than 380,000,000 bushels of wheat to feed her people and help to keep the mills going in Mother Country and the continent of Europe. Of this wheat's quality the daily inspections bear eloquent testimony. Of the wheat already inspected, 70 per cent. has graded No. 1 Northern, 10 per cent. graded No. 2 and 9 per cent. No. 3 Northern, and 5 per cent. has fallen into the lower grades. Both in quantity and quality this has been a record crop.

The cost of production was less this year than in the later years of the war period, but greater than in pre-war days. Wheat threshing, for example, in pre-war days cost 10 cents a bushel. This season it has been about 15 cents. The total bill for threshing must have run close to 60,000,000. Nobody accuses the thrasher of making excessive profits. But the toll taken by the thrasher greatly exceeds that taken by country elevators, terminal elevators and the grain trade combined. The cost of production, of course, varies on every farm, and it is impossible to state it. A well-known grain man who himself farms extensively and keeps a very systematic set of books, figures it at 75 cents a bushel to grow wheat for an average crop.

There were great difficulties in the moving of the crop but wonders were accomplished. J. B. Craig, President of the Winnipeg Grain Exchange, summarizing the marketing of the crop up to the close of navigation, says:

"From harvest to the close of navigation there was delivered to country elevators, 250,000,000 bushels of wheat. There was inspected 200,000,000 bushels and there was shipped east, 175,000,000. As the crop was a record crop so the movement was a record movement. And the remarkable feature of this record movement was the absence of trouble caused by it so far as the west is concerned. I have not heard of any wheat being ailed up in heaps in the west, or any emergency sheds being erected at shipping stations, or any serious crop shortage or any blockade at the lake terminal elevators.

"Between the Great Lakes and the Rockies there is elevator facilities with about 175,000,000 bushels capacity, created and operated by private enterprise. This machinery has been fully adequate to the call made upon it. The two great railway systems earned their money on the business of transporting of this immense quantity, but without an adequate elevator machinery and an efficient system of marketing the railways couldn't have been so successful.

"The wheat was sold under many difficulties by the grain trade. Every farmer who wished to sell found a buyer; every farmer who wished to hold in store and to receive an advance upon his wheat found elevator space, and obtained a loan. The banks furnished credits to the grain companies, the grain companies bought from the farmer or gave him an advance. The physical machinery worked without a hitch and the result was a movement unparalleled in the history of wheat marketing.

"End of the Great Lakes and at the seaboard, things did not work out as well as in the west. There was trouble early in the movement and it was well towards the end of the season when the movement of the grain from the peak that any marked improvement was noticeable. The west had done its share. It had produced the wheat, sold the wheat and

## Is Through With Exploration Work

Stefansson Will Devote Time to Tailoring of Commercial Possibilities of Polar Areas

Vilhjalmur Stefansson, Arctic explorer, has announced abandonment of his career as an explorer to devote his efforts to proving to a skeptical world that within a decade or two the north polar ocean will be crossed by a network of commercial aviation routes, and that the Arctic regions, hitherto known as mysterious, uninhabitable lands, will be a source of developed resources unlimited in magnitude.

Mr. Stefansson said his decision to give up the polar explorations which have made him internationally famous, was prompted by his conviction that the age of exploration was now yielding to the age of commercial development.

"Oil, coal and other resources are there," Climatic conditions are not unquenchable; people are living and flourishing in places where there are colder winters than those at the north pole. For example, temperature at the pole is about 60 degrees below zero, while 70 below zero has been registered in North Dakota, where the winters are just as severe as in the Arctic.

"The course of empire-of civilization—must inevitably move towards the north."

## People Saving Money

Heavy Increase Shown in Amount of Savings in Canadian Banks

An increase of over eleven million dollars in the total amount of savings deposits in Canadian banks during the month of November, and of nearly thirteen millions in demand deposits is shown by the statement issued through the Finance Department recently. Demand deposits at the end of November totalled \$544,446,730, as compared with \$531,491,428 at the close of the previous month. Notice deposits totalled \$1,167,000,065, as against \$1,156,442,453 on October 31st.

He's a smart man who is smart enough to refrain from boasting of his smartness.

It takes more than hot air to kill the germ of supple.

## Railway Problem Solved

Smokeless Locomotive Has Been Invented by Russian

The problem of smokeless railroad traffic, which has been troubling large cities all over the world, has been solved by the invention of a new locomotive by Professor Lomonosov, of the Russian railroad minister, at Berlin, and Professor Melnikov, of the Charlottenburg Technical High School. The new engine will have no smoke stack, and will look more like an ordinary baggage car than a locomotive.

Professor Lomonosov says his invention will make it possible to build railroads in the Sahara Desert and other vast stretches where there is no water.

It took me sixteen years to complete this invention," Professor Lomonosov said. "Just before the war began the Czarist Government placed at my disposal a large fund to enable me to make the necessary experiments, but these were interfered with by the great war. Henry Ford, of the United States, and others in England are trying to build a new motor for use in countries short of coal or water, but so far as I know they have not succeeded.

Professor Melnikov and I have finally solved this problem, and already two Diesel engines are being built according to our design. They will be finished and tried out early next year, and the first new locomotive will be used on the German and Russian railroads about next August.

The contract for the exploitation of this invention was signed Dec. 14 by the Russian Government and four steel companies.

## Calgary Ponies Win Prizes

Calgary ponies, owned by Peter Welch, and ridden by his daughter and son, won a total of eighty-four prizes at the Horse Show at Springfield, Mass., and Brockton, Mass., recently. These ponies were shown in competition with practically the best jumpers in the United States and made almost a clean sweep.

Anyone can live on love alone—for a few minutes.

A man takes up to be the only thing after he takes unto himself a wife.

## Finding Ways And Means Of Improving The Conditions Of The Farmers Of The West

We should all be concerned in making agriculture profitable. This may appear to some as merely saying "an undisputed truth in such a solemn way," but unfortunately the impression is abroad among Western Canadian farmers that those in other occupations lack sympathy with them in their troubles through which they are passing and much that they read and hear serves to confirm this impression.

They point to the opposition which has been offered to various proposals for the improvement of their situation which have been made from within their own ranks. Some of these were so absurd that they were bound to react against those for whose benefit they were brought forward. But when the farmers are told that this is the case, they ask if we have no alternative suggestions to make. Are we going to do nothing for their betterment?

A merely negative attitude, it is clear, will not suffice. It appears that they are better off than those of any other country, but this does not alter the fact that they are having a very hard time of it and that the general interests demand that everything possible should be done to improve conditions for them.

The country can make no substantial progress with agriculture in a state of discouragement. No one will deny that this is true of that part of it which lies west of the Great Lakes. But the eastern provinces also should recognize how dependent they are on the prosperity of the men who are out on the land in the west.

Farsighted individuals in the older sections of the Dominion are quite conscious of this, but it needs to be driven home to the mass of people there. It was only with the settlement of the prairies that eastern industry began to move forward. Today eastern industry is suffering from the diminution in the purchasing power of the west. Accordingly the Canadian public as a whole cannot afford to be indifferent to the western rural situation.

Positive measures must be taken to improve it. Immigration will help greatly through bringing about more intensive settlement, but the effort that is being made in that direction is certain to be impeded by what those who are responsible must come to Canada hear about the state of those who are already settled here.

While recognizing that we are largely in the grip of world-wide economic forces, and that the chief need of the moment for Canadians as for people everywhere, is to have the work of after the war readjustment speeded up, we ought to be able to accomplish much on our own initiative, which will put western agriculture on a better basis. The chief responsibility lies with the Government at Ottawa. Why should it be impossible to summon immediately a conference at which all the interests of the Dominion would be represented for the purpose of considering the state of western agriculture and devising measures for its betterment? If this can be accomplished without delay, it could make recommendations which Parliament, which will meet at a later date than usual, could act.

Those who believe that the establishment of a wheat board would be of great benefit, and those who are opposed to it, must move on. It could be brought face to face and that question could be thoroughly threshed out. Messrs. Stewart and Riddell could be asked to make it clear why they did not think the plan of last year could be made a conference why accordingly they refused to undertake to discuss it. President Wood of the U.F.A. could throw light on his refusal to head the board while at the same time continuing his advocacy of the idea.

The great bulk of citizens, both those who are farmers and those who are not, must be made to see grain marketing conditions improved, so that the farmer will obtain the maximum advantage from the sale of his product. Every avenue that might lead to this result should be explored. Such a conference might force a thorough investigation of the present grain trade system such as was begun by the Hyndman commission. The present Government virtually pledged itself to resume this, only to announce later that it had decided against doing so. The handling of grain is a very complicated matter and the average person finds it difficult to follow the discussions that are arising all the time in connection with it. But more than suspects that the farmer is not being treated with absolute fairness and that further measures for his protection are required.

There are many other matters which might be taken up at the suggested conference. Its effect in bringing the east and west together and making them understand how necessary it is for them to pull together for the country's good would be very great. The psychological influence upon the western farmer would be far-reaching. He would see that he was mistaken in the belief that the people of the rest of the country didn't care what became of him. He would take up his work, the most vital Canadian work of all, with new heart.

The times may be out of joint, but we owe it to ourselves to do everything in our power to put them in. There has been altogether too much of a disposition to sit back and let things take their course. Such an effort as has been outlined should not only help the present situation, but it would put the Dominion in a much better position to profit by the marked improvement in world conditions which this comes. There has many signs that it is closer at hand than most people think.—The Edmonton Journal.

Dealing With Russia As Unequals

## Why Recognition of Russia by Other Nations is Being Delayed

Speaking in the All-Russian Soviet congress, Leo Kamenetz said that the only kind of an agreement Russia would make "with bourgeois nations would be like the treaty we made with Germany at Rapallo. We make no agreement with any other nation that does not give us political recognition—equality."

The chief reason why recognition of Soviet Russia has been slow is that she has not in fact been willing to treat on a basis of political equality. She has laid down a rule of "heads we win, tails you lose," and has arrogantly demanded that other nations conform to it. Even in the act of claiming full recognition she announced at the outset that it is legitimate in the interest of the international proletariat, to trick "bourgeois" governments, to break faith with which is merely a manoeuvre of class warfare.

Declining against the delay in other governments to accord Russia full recognition, the Soviet system openly proclaimed the policy of "boring within" those governments for the purpose of ultimately accomplishing their destruction—a holy cause in which any means, however treacherous or unscrupulous, are held by Communist moralists to be justified.

If from the beginning Soviet Russia had merely insisted upon the right of the Russian people to overthrow one government, or two, or three, and set up one more to their liking, without interfering, in the work of governments, its case would have been largely unpregnable. Willingness to treat on terms of real equality, which include a live and let live breadth of view, is the only basis on which enduring political relations can be established between the nations.—From the New York World.

## Farmers Decide to Remain

Very Few Taking Advantage of Opportunity Offered to Leave Dry Areas

Comparative few of the farmers in the drought-stricken areas of Saskatchewan and Alberta are taking advantage of the provisions which assist them to leave their present locations and move further north in the same provinces where droughts have not been encountered to the same extent, according to information reaching the Department of Agriculture here. Some 200 or 300 farmers in Southern Alberta are stated to have sought new locations under the assistance provided by the Federal and Provincial Governments, and the number in Saskatchewan is never more than a few dozen.

"The farmers in the prairie provinces are not quitters," said an official of the department. "There is a healthy dose of optimism among them and a determination to stick where they are and win, rather than move to a location where next year might see a crop failure as disastrous as those they experienced in the last few years. Another factor which has had considerable bearing on the matter is the number in Saskatchewan, from about 300 westward, the crops this year were decidedly disappointing, while in the southern district they were more satisfactory.

"All in all, the western farmers today are decidedly more optimistic than they were a year ago. Though prices are low, there is hope that conditions will improve and production costs be reduced before another crop."

The largest cheese ever made would make 300,000 sandwiches.

Mrs. Ilex is a Good Mother, but Her Husband is a Poor Father.

I HAVE told you about the Chamalos and the Mouffon, but I did not tell you of a very interesting little cousin of these animals belonging to the Goat family. I am speaking of the Ilex, or more correctly, the Ilex. All you have to do is to open almost any A B C book and under the 'I's you may be sure to see a picture of an Ilex. Of course there are some books that have pictures and rhyme about the Ilex (the classic Egyptian bird of long ago), but as a rule you will find a drawing of the Ilex. Try it and write me, if I am wrong!

My story begins with an argument between Pimble and an Ilex who had come all the way from Switzerland to the End-of-the-Earth to see Stella, the Wishing Fairy.

Pimble has a perfectly disgraceful talent for getting into trouble and it seems that he tried to "boss" the Ilex into drinking from the Get-Little-Pool, and the gentle Ilex, having very clear ideas of understanding whatsoever of why he should obey, very naturally forgot all about being gentle and tried his horns instead, with such strength and enthusiasm that poor little Pimble was butted full tilt straight towards Stella and the other three Brownies.

"Goodness, gracious!" he cried, as he landed upside down at the Wishing Fairy's feet. "I seem to have started something!"

"You certainly have!" grunted the Ilex, "but, what's more important, I am a little bit hurt!"

"Well," laughed Stella, as she stepped between them, "don't finish poor Pimble as well! He was only trying to make you understand one of our rules. You must not drink from the Get-Little-Pool, and we buckle on our lives. Go back and do it and I will wait for you."

While the Ilex obeyed, Pimble picked himself up, brushed some dust from his clothes and tried his hardest to look dignified, considering that a month before he had been wrong side up, off near his mouth full of sand, was a bit difficult.

Unlike most of Stella's visitors, the Ilex had no wish for Stella to grant; he had only come to chat with her. And what a long talk they had! He told her all about his home among the snow covered mountains and about their great herd!

"I suppose," he said, "that we old males must seem very unfriendly to our wives. We leave them for most of the year and live alone away up on the mountain peaks as far as we can climb. I don't know why," he added, "but families of young rams and tumbled kids get on our nerves and we buckle on our lives. Go back and do it and I will wait for you."

While the Ilex obeyed, Pimble picked himself up, brushed some dust from his clothes and tried his hardest to look dignified, considering that a month before he had been wrong side up, off near his mouth full of sand, was a bit difficult.

Unlike most of Stella's visitors, the Ilex had no wish for Stella to grant; he had only come to chat with her. And what a long talk they had! He told her all about his home among the snow covered mountains and about their great herd!

## Everywoman's Fund Grows

Tubercular Women of Saskatchewan to Benefit by Worthy Object

Up to January 7, the amount for the \$50,000.00 Fund for the care of 50 tubercular women in the province had reached \$474.65. It is known that a number of other gifts for the fund are on the way.

Gifts already acknowledged from friends at Candiac, Pense, Liberty, Antelope, Ebelevan, Richardson and South Qu'Appelle totalled \$181.50.

If the 50 women are to be given care in 1923, the gifts should be received as early as possible. Donations for the \$50,000.00 Fund may be sent to A. B. Cook, Business Manager of the Sanatorium, Fort Qu'Appelle; to The Leader, Regina; or to Mr. J. W. Bates, 3068 Angus Street, Regina. All donations will be promptly acknowledged.

The 50 women who will benefit by the \$50,000.00 Fund are from all parts of Saskatchewan, many the survivors from the rural municipalities that are not in a position to pay for the care of their own penniless people.

The reports of persons who should have medical care and yet cannot pay for it are received by the Anti-Tuberculosis League from the nurses on the Provincial Department of Public Health Staff, the school nurses, the municipal officials, and from many others whose desire is to stamp tuberculosis out of the province.

## Open Sulphate Mine

Company Formed to Exploit Deposits at Dana, Sask.

Under the title of "Sals and Chemicals" an eastern company has established a plant at Dana, Sask., on the Canadian Pacific, near the line with Humboldt. The intention of this company is to exploit the sodium sulphate deposits that the Muskakee springs yield every year. It is estimated that about 30,000 tons of salt cake will be produced by the works with the present plant. There is also a possibility of taking magnesium metal out of the district, members of the company have stated to C.N.E. officials. This metal is coming into demand for aeroplane construction, as it is lighter and three times as strong as aluminum.

W. G. Welch, Mayor of Windsor, Ont.; P. R. Gough and A. J. Gough, Toronto; J. J. Selts, Toronto; and three Winnipeg financiers are members of the company.

In Turkey the moment the roof is built over a new house it is customary to hang from the most prominent eave a string of garlic. In an old shoe, to keep of the evil eye.

Feb. 2—Lethbridge at Taber.
Feb. 3—Bellevue at Pincher.
Feb. 6—BLAIRMORE at Coleman.
Feb. 6—Taber at Lethbridge.
Feb. 8—Coleman at Taber.
Feb. 8—Lethbridge at Bellevue.
Feb. 12—Pincher at BLAIRMORE.
Feb. 14—BLAIRMORE at Lethbridge.

## SPORT NOTES

Lethbridge plays at Coleman tomorrow night and Taber at Bellevue on Monday night. The locals will play at Taber tomorrow night.

Well, the fans had a brand new referee on Tuesday night and they did not seem to like him any better than the others. He came from Pincher Creek, so maybe that accounts for it.

The old war horse, Rhynas, was not custodian on Tuesday night and showed that he could still handle the hot cups. Mutt Ennis was laid out at Bellevue by being hit in the throat and is afraid to move his head for fear it will drop off. It's sure tough on Mutt and all are anxiously awaiting his return to the game.

G. N. Elwin, of the Blairmore Pharmacy, has donated two cameras for competition among the local boys. One goes to the player getting the most goals in league games and the other to the one with the most assists. The boys appreciate the favor very much.

Rennika has his eye on one of the cameras. He leads the goal-getting crew.

What offers have we for the goal keepers?

The Taber Times, in reporting the recent Blairmore-Taber game, says: A traveller who saw the game, says that Connolly, while down, was getting in the ribs by a Blairmore player. It is claimed by some Taber spectators (naturally) that it was intentional.

Well, of all the knock-kneed, pigeon toed, "cross-eyed flaber-gasted lies. But who in his would believe what a traveller says?

Taber Times also says: The chance is extra good for a Taber victory in the return game here on Jan. 26th; and also blows about Pelletier playing in three Allan Cup games. Maybe so, but Pelletier can't win a game all by his lonesome.

Pincher Creek has it over the other teams in one way—no one can take their place in the league.

Rennika showed the fans some real stick-handling the other night when he went through Coleman's four-man defense and beat Johnson. At that time Blairmore had only four men on the ice altogether.

## JUNIORS WIN AND LOSE

On Monday night last the Coleman juniors played the local boys here and in a great exhibition of hockey, won by a score of 3 to 1. Davis Kemp made his debut as goalkeeper for Blairmore and made a great hit. His work was well worth seeing and would open the eyes of some senior teams. The game was fairly clean.

Last night the juniors went to Bellevue and trimmed them up by a score of 7 to 3. The locals scored five goals in the second period, and no scoring was done by either team in the last period.

## BLAIRMORE LOSES

## FIRST LEAGUE GAME

The local hockey team lost a tough game at Bellevue on Friday night last by a score of 4-2. More than ten sleigh loads of fans went down and the Bellevue rink was jammed to overflowing. Play was fast in the first period and Bellevue scored one, while Blairmore could not get past Thompson. Ennis saved several hard ones and Thompson was called on to save shots from all angles. The locals got one in the second period and held the home team down, the period ending one all. Mutt Ennis was hit in the throat with the puck and had to be carried off the ice in his spasm, delaying the game some ten minutes or so. In the last period Blairmore got one and Bellevue scored three, two of them being in the last few minutes of play. Dr. Gillespie, of Pincher Creek, refereed the game and gave the local boys some very raw deals. He also let the Bellevue fans assist him by calling off-side any time they liked and he would ring the bell. By that time the players would be away up the ice. At least three sure goals were lost in this manner. And again, he did not check up the Bellevue boys for lying about four deep in front of their net. This is against the rules and although it happened three or four times, he made no effort to prevent it.

The Blairmore boys displayed a better brand of hockey all through and deserved the game, but found it hard to play the team and referee too.

Bellevue fans telling the referee what's what.

## BLAIRMORE DOWNS COLEMAN 5 TO 4

In a decidedly rough yet fast game here on Tuesday night, the locals took a league game from Coleman to the tune of 5 to 4. There were penalties and fights and fights and penalties and Referee Marquis, of Pincher Creek, was busy most of the time

The referee was busy chasing them off the ice all through the game.

herding the rough ones into the box. Coleman got an early lead of two in the first period when Wilde scored unassisted and Nelson and Wilde combined, but Blairmore then set a dizzy pace that nettled them two. Turner scored alone and then came back with Pruden and scored again. Both teams missed some easy chances to score and Johnson and Rhynas made some spectacular saves. The period ended two all.

Play had only got well started in the second period when Mackie bulged the twine behind Johnson, off a pass from Rennika. Then Graham and Phillips came down on a rush and

beat Rhynas. This seemed to start the excitement and who! Redlick went down, he was body checked by Nelson. He knocked Nelson down and then Phillips downed him. The referee and teams were all mixed up for a few minutes, and finally order prevailed and Phillips and Redlick were

Speed! Say our forward line were liked greased lightning in the last part of the first period

sent off. Turner then received a penalty, leaving only four men for Blairmore and five for Coleman. The visitors were afraid to leave their net for a rush, so Rennika secured the puck and went through them for the nicest goal of the night. The teams were still short when the gong rang

Some of our boys need scoop shovels on Tuesday night. No names mentioned, of course.

for time, with Blairmore leading 4 to 3.

The last period saw the locals playing a defensive game. Pruden and Mackie went down, the former scoring. This made it 5-3 with 11 minutes to go. About five minutes before the end a scrimmage occurred in the Blairmore goal and the net was moved about four feet out of line. No one knows where the puck was when the referee rang the bell, but he claimed it was in the goal before the net was moved and allowed it.

Rennika says: "It's all in knowin' how."

Play ranged back and forth the remainder of the game and the locals were satisfied with the referee's decision in allowing the disputed goal, as they had one to the good anyway.

The line-up:		
Coleman		Blairmore
Johnson	goal	Rhynas
Phillips	defense	Turner
Nelson		Reddick
Wilde	forwards	Mackie
Graham		Rennika
Gate		LeVasseur
Bailey		Pruden
Ferry		Goddard
Greisack		Veprava

## COWLEY HAPPENINGS

Robert Smith has gone to B. C., after spending several months here.

Jack Kemmis is spending several days in Calgary.

Ted Bennis has returned from a business visit to Lethbridge.

Dr. Donald returned from Chicago on Friday mornings' train.

Mrs. Robert Littleton is a present Bellevue visitor.

Mrs. Easterbrook has returned from a visit to Calgary.

Rev. Dr. Ferguson was a Cowley visitor for the week end.

Mr. Brockwell is a business visitor to Calgary this week.

Several of the local citizens attended the dance in Pincher Creek on Monday night.

The annual meeting of the Lundbreck Golf Club will be held on Friday evening, the 26th of January, in the school hall.

Mrs. Brockwell gave a party for the young folks on Saturday evening, which was very much enjoyed. The card prizes were won by Gerald Smith and Ralph Easterbrook.

Wednesday evening's whist drive was very pleasantly spent. The first prizes were won by Miss Bernice Anderson (aluminum pot) and Fred Snyder (three pairs of socks). The second prizes were won by Miss Gladys Baines (handpainted dish) and R. B. Harrison (leather tie holder). The booby prizes, being two soap dolls, were awarded to Mrs. Fred Tustian and Mr. O'Connell. The supper was furnished by Mrs. Clarence Giguere and Miss Marjorie Smith. Court whist will be played at the next drive, which will take place on Wednesday, January 31st.

## WANTED—A MAN

Wanted—A man for hard work and rapid promotion; a man who can find things to be done without the help of a manager and three assistants.

A man who gets to work on time in the morning and does not imperil the lives of others in an attempt to be first out of the office at night.

A man who is neat in appearance and does not sulk for an hour's overtime in emergencies.

A man who listens carefully when he is spoken to and asks only enough questions to insure the accurate carrying out of instructions.

A man who moves quickly and makes as little noise as possible about it.

A man who looks you straight in the eye and tells the truth every time. A man who does not pity himself for having to work.

A man who is cheerful, courteous to everyone and determined to "make good."

A man who, when he does not know, says, "I don't know," and when asked to do anything says "I'll try."—Selected.

## IT WORKED

A Scotman and a Jew were passing an inn. Both were thirsty; both were penniless. They stopped and looked with longing, and after a while the Jew went in. He ordered a small whiskey, and engaged in a long conversation with the barmaid.

After ten minutes or so he remarked, "Well, I must be going," and strolled to the door.

"But you haven't paid," said the barmaid.

"Oh, you forgot," said the Jew. "I paid when I ordered."

The girl accepted his explanation, and he went out and told the Scotman. The latter went in, ordered a double whiskey, and talked to the barmaid for a quarter of an hour, after which he observed, "Well, I must be going." He took a few steps towards the door and then turned around sharply.

"I say, miss," he said, "what about my change?"

**Lessons Of History**

The political history of the world is one long continued story of struggle towards the accomplishment of reforms—a never ending battle to overthrow existing evils and to right grievous wrong. From the early dawn of history, under old despotic monarchies, up through the dark ages, right down to the present time, man has striven to better his condition, obtain his liberty, and defend and widen that liberty.

But all too frequently in the attempts made to remove injustices and right existing wrongs, and in the methods employed to these ends, equally great injustices have been done, and even greater wrongs perpetrated. The history of the world affords numerous examples where, even in the name of religion, terrible wrongs have been inflicted upon thousands of innocent people, and appalling injustices meted out.

Take the Russia of today as an example. History records that for centuries under the rule of the Czar, the people were down-trodden, liberty flouted, innocent men, women and children thrown into prison without trial, banished to Siberia, and put to death. Groaning under the burdens imposed upon people, plot followed plot, Czar and Governors were assassinated, revolutions fomented. Finally, the revolutionaries were successful, and a republic set up. But what is it? A republic of fanatics, whose leaders hold office through a reign of terror, under which liberty has become a by-word, and whose excesses far exceed those of the later years of the Czarism. In other words, the cure for the time being worse than the disease.

In the first half of the last century it is not to be denied that the workers of the world were underpaid, poorly housed and fed, and the conditions under which they were obliged to labor almost everything they should not be. Factories were unsanitary and unsafe, often veritable firetraps; mines unprotected; seasons were made the victims of press-gang, and the worker generally the victim of rapaciousness on the part of the Grand old masters of the workers of the world organized for self defence. Reforms were forced. Conditions bettered in every way. Then in turn the organized workers, utilizing their strength to gain for themselves the same conditions for employers alone, but on their fellow workers, and to such an extent that only those who would conform to their particular views and methods, and subscribe to their creed, were allowed to enjoy the right to work and thereby live.

Realizing the power of trades unionism, not only over employers and governments, but over the workers of the world, the "reds" of the world have turned to labor almost everything they should not be. Socialists, Communists, Bolsheviks, all the loud speaking, agitating elements, have to a large extent succeeded in silencing the voice of the sane, level-headed men in the ranks of organized labor. Anyone challenging the half-baked theories of these agitators is denounced as a traitor to the cause, until they gradually drop into the background, while the Bolshevik element step forward as the exponents of the cause of the workers of the world.

But, as all past history demonstrates, there inevitably comes a time when the newer evil which has developed out of the successful attempt made to right a still older wrong, must likewise give way before those who, disgusted and alarmed over the trend of affairs, organize and do battle against the latest and common enemy.

That is what has happened in Italy in recent months. During the war the Socialists and Communists got the upper hand and when the war ended they were masters of practically all Italian industry, and threatened the existence of stable government of many of these union organizations. Socialists, Communists, Bolsheviks, all the loud speaking, agitating elements, have to a large extent succeeded in silencing the voice of the sane, level-headed men in the ranks of organized labor. **Renown's New Type Armor**

Changes for Cruiser Which Carries  
Prizes Around the World.

H.M.S. Renown, "the largest yacht in the world," the battle cruiser which carried the Prince of Wales around the world, is going into dockage for a long period to receive its armor in accordance with the terms, laid down at Jutland. It is but one step in making the navy effective under the limitations imposed by the Washington conference.

The reason is a letter, said to the Repulse, which already has undergone improvements, consisting largely of heavily increased deck armor, considered necessary to fend off the plunging fire of high elevation guns, and universally adopted after the German armor showed such deadly effectiveness at Jutland.

**If You Have Neuralgia, Rub On "Nervine"**

Apply Nervine to the sore spot. Notice the warm glow that spreads deeper and wider as Nervine's soothing influence is carried deep into the pores of the skin. How quickly the pain is eased. In a little while you have forgotten it. The soreness has actually gone. For Neuralgia, Sciatica, Rheumatism, Nervine is a boon. Large 35c bottles. Sold everywhere.

**Canada Exports Sugar**  
Canadian sugar to the amount of 15,680,000 pounds with a value of \$1,124,756, was exported to Great Britain during November last year, according to an official report. The total export of Canadian sugar for the month was 16,823,000 pounds, with a value of \$1,219,478.

**NERVOUS EXHAUSTION**

The Only Sure Relief is to Enrich and Build Up the Blood

Nervous exhaustion is the cause of headaches and dizziness, and it is due, almost always, to conditions of impoverished blood. Tablets and powders for headaches should never be taken; they cannot possibly reach the root of the trouble, and often most harmful. All that is needed to bring relief is a tonic that will enrich and purify the blood, and the very best tonic for this purpose is Dr. Williams' Pink Pills. These pills have a direct action on the blood, and in this way the headaches, dizziness and other bad symptoms rapidly disappear. Mr. Mark P. Taylor, Gray, Ont., writes: "This medicine did for him. He says:—'I had severe headaches which would be accompanied by dizziness and spells. These would last for two or three days at a time. I would take these pills every three or four weeks, and it is almost impossible to describe the misery they caused me. I tried number of medicines without getting relief, until one day my mother brought me six boxes of Dr. Williams' Pink Pills. I took them, and now I am feeling much better, and I got a further supply, and under the continued treatment, every symptom of the trouble disappeared. I can now speak too highly of this medicine for it certainly has done wonders for me.'"

Dr. Williams' Pink Pills are sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

**A Bond of Good Feeling**

Dr. C. Eaton, of New York, Says British Empire Esteemed.

In U.S.  
Rev. Dr. Charles A. Eaton, of New York, evoked great enthusiasm at a Canadian Club luncheon in Toronto, when he declared that among all classes of people in the United States at the present time, the British Empire never stood higher than it does today. "That, the speaker declared, was the most important thing in the world.

Dr. Eaton suggested the cooperation of Canada and the United States in the creation and distribution of hydro-electric power and light, so that from 2,000,000 to 5,000,000 horsepower of hydro energy might be available for industrial and domestic use. This would not only create enormous wealth, he said, but would provide an object lesson to humanity of what two peoples, living side by side along a frontier of 3,000 miles, could accomplish for the world by common purpose and confidence and unity.

**Commercial Agreement**  
Despite rumors to the contrary, the negotiations for a commercial agreement between Canada and Belgium are proceeding and there are good grounds for believing that an agreement will shortly be concluded between the two countries.

**An Idea of Insurance**  
Even life insurance has its humorous side. A Chinaman whose brother was seriously ill wrote to the insurance company: "My brother, he half dead, me like half the money."—Windsor Magazine.

Among the Tatars of Tripoli, by all the laws of the country, the men have to obey the women. These are traced through the mother, and the men go veiled.

Minard's Liniment for Cough & Colds

**"YOUR TEETH"****CONTOURS**

By Drs. Proctor McGee, M.D., D.D.S., Pittsburgh, Pa.

The shape of a tooth is the result of ages of evolution. It would be impossible for us to improve upon the plan of a normal tooth. When decay, or caries, has destroyed a part of the contour of a tooth, that contour must be restored if the tooth is to do its work and remain a desirable neighbor to the other teeth in the mouth and to the gums. After the cavity is shaped right, the dentist thoroughly dries and sterilizes it and places the filling material so that every part of the cavity is exactly filled. Then he builds the filling to imitate the original shape of the tooth. Every little line and every ridge and cone is duplicated. The margins of the filling are so carefully and closely approximated that the cavity is hermetically sealed. The most difficult place to shape and finish a filling is at the gum margin between the teeth. If a filling should be left rough or should become roughened from hard use, it becomes a source of danger to the health of the mouth because it retains food, causes irritation to the tongue or cheek or lip and many times holds food tightly packed against the gum. If there is too much space between the teeth, or if there is projecting filling or a roughened area, pyorrhea will usually be started by infection that follows constant bruising of the gum.

If a filling is too high, the tooth may have more than its share of pressure and either the filling will wear away or the tooth will be loosened in its socket and the pulp will be destroyed. This means soreness at first and eventually an abscess. The correct fitting of a tooth is one of the most skillful operations that man has ever learned to perform. Like many other good things, the better they are the less we hear about them. It is the bad ones that raise Cain.

**Flying Boat to Penetrate Arctic**

New York Sportsmen Are Now Busy On Construction

Two years ago, when the navy balloons, starting from a place near New York, came down in a few hours at Moose Factory, on James Bay, many people turned to their geographical maps to discover how near the "frozen north" really is. Some New York sportsmen are building a flying boat with which they plan to penetrate the Arctic next summer. There is also an unbroken inland waterway from New York to the Arctic Circle, and James Bay is only about as far from New York as Chicago is.

**MRS. MISENER'S ACES AND PAINS**

Vanished After Using Lydia E. Pinkham's Vegetable Compound

"Branchton, Ont.—'When I wrote to you for help my action was most promptly by curiosity. I wondered if I, too, would benefit by your medicine. It was the most profitable action I have ever taken. I heartily thank you for through its results I am relieved of most of my sufferings. I have taken six boxes of Lydia E. Pinkham's Vegetable Compound and a bottle of Lydia E. Pinkham's Blood Medicine, and I can honestly say I have never been so well before. I had suffered from pains and other troubles since I was fifteen years old, and during the 'Great War' period I worked on munitions for two years, and I was lifting which was very hard on me. I strained myself, and work gave up and I was in bed for several weeks without getting better when I started to take your medicine.'—Mrs. GOLDWIN MISENER, Branchton, Ont.

Write for the free Lydia E. Pinkham Medicine Co. Catalogue, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Allments of Women." O. W. N. U. 1466

**Large People Live Longest**

Longevity Rule As Applied to the Human Race

Large animals, as a rule, live long. The life of an elephant is four or five times that of a rabbit, while that of a goose is eight to ten times that of a sparrow. The whale is perhaps the longest lived of all warm-blooded creatures.

To some extent this rule applies also to the human race. The big places include English, Scotch, Scandinavians, Bulgarians and the North or Tartar Chinese. The average weight of an adult man of these races is about 150 pounds. Next come French, Italians, Spaniards, Arabs, Turks and Southern Chinese. Their average weight is between 135 and 140 pounds.

The small races are Eskimo, Mongol, Burmese, Japanese, Bengalese, Malays, Javanese and Hottentots whose average weight when full grown is between 120 and 130 pounds. An Eskimo is very old at forty, and few Malays live beyond fifty-five. English and Scottish men live on an average ten years longer than Italians or Turks.

Climate and food modify length of life in various parts of the world, but the averages mentioned hold good.

**Things Swearing All Right**

Yes, providing the provocation equals the offence of Jones stepping on Smith's sore corns. Far better to use "Putnam's Painless Corn Extractor." It does lift out corns in a hurry. No corn can last if "Putnam's" is applied. Refuse a substitute. 25c everywhere.

**Next Best Thing**

The Lady: "You ought to be ashamed of yourself, a great big able-bodied man like you asking for money." The Trump: "I was once a fool to do it. I've just done six months for taking it without asking."—Punch, London.

**Catarrhal Conditions**

Catarrh is a local disease greatly influenced by the general condition of the system. It therefore requires constitutional treatment. It is taken internally and acts through the blood. Dr. J. C. CAVALLERIE, M.D., is taking the system. HALLE'S CAVALLERIE MEDICINE improves the general health and assists in the cure of catarrh. Write for data. All Druggists. Circulars free. E. J. Cheney & Co., Toledo, Ohio.

**Winter Patrol of Royal Mounted**

Mounted Police Start Patrol from the Pacific to Arctic

Winter patrol of the Royal Canadian Mounted Police between the Pacific and Arctic oceans has commenced. Constable J. W. McCormick has left Dawson to join Captain Wood, of the same force, at Fort Yukon. They will proceed up the Porcupine River to Rampart House, where McCormick will change guard with Corporal Pasley. Pasley and Wood will complete the arduous journey to the Arctic, where the coast divide to Herschel Island.

**Your Home Medicine Chest**—Among the standard household remedies that should always be on hand in your home medicine chest, none is more important than Dr. Thomas' Electric Oil. Its many uses in relieving pain and healing sickness is known by many thousands throughout the land. Always use Dr. Thomas' Electric Oil for relieving rheumatic and sciatic pains, treating sore throats and chills, rough, burning, scalds, cuts, bruises and sprains.

**A Record Tenure**

French Peasant Family Held Same Farm for 900 Years

The Ministry of Agriculture, in a recent report, made mention of a French peasant family which had been living on the same farmstead since the days of King Philip Augustus of France, the proper name never having changed hands in six centuries. That record is now beaten.

A family has been discovered which from father to son has been tilling the same land since the year 1023, under the rule of Robert the First of the House of Capet. A number of noble families in France and some in England hold title deeds to lands from a period as remote, but the case probably is unique that peasant stock held land anywhere for six centuries. The Minister of Agriculture Chéron has decided to include all cases of ancient titles to the soil on the part of farmers' families in a special list to be issued, awarding them the order of "merite agricole."

The value of aluminum products in the United States in 1921 was \$10,900,000.

A man may be able to trade his reputation for money, but he can't trade back.

Belgian glass is coming to Pacific coast by steamship in immense quantities.

The door of hope swings both ways.

Minard's Liniment for Neuralgia

**TROUBLES ARE OVER SAYS MRS. PILBURY**

Two Bottles of Tanlac Ended Head-aches, Sleepless Nights and Loss of Appetite, She States

"As a general tonic to build up and strengthen a person, I don't believe Tanlac has an equal," declared Mrs. Emily Pilbury, a highly esteemed resident of 839 Ninth Ave. West, Calgary, Alberta, recently.

"For some time past, I could hardly attend to my housework. My appetite had failed me to such an extent that I had no relish for anything. I suffered with severe headaches and couldn't get a restful night's sleep. I was weak, tired and worn out and just felt miserable all the time."

"It took only two bottles of Tanlac to put an end to every one of these troubles, and now my appetite has greatly improved, I sleep much better, and I am so strong and energetic that I am doing my housework with ease. Tanlac is such a wonderful medicine it is a pleasure to recommend it."

Tanlac is for sale by all good druggists. Over 35-million bottles sold.

**Burbank's Golden Jubilee**

Will Complete Fifty Years of Work Next March

Luther Burbank, who has contributed more than 300 new and improved forms of fruits, vegetables, nuts, grains and flowering plants to the agriculturists and horticulturists of the world, will round out 50 years of work among plants in March next, when he will be 74 years of age. To celebrate this double anniversary the counties of Northern California will unite in a public celebration in his honor in Santa Rosa, the city in which he lives, and where are located the experimental gardens in which the work is done.

**Clear Your Complexion With Cuticura**

Bathe with Cuticura Soap and hot water to free the pores of impurities and follow with a gentle application of Cuticura Ointment to soothe and heal. They are ideal for the toilet, as is also Cuticura Talcum for powdering and perfuming. See Dr. C. C. Cuticura, 25 and 26, N. 2nd St., Sold Everywhere. Cuticura Soap and Ointment, 25c. Cuticura Talcum, 10c. Write for data. E. J. Cheney & Co., Toledo, Ohio.

**After Every Meal**

WRIGLEY'S

and give your stomach a lift.

Provides "the bit of sweet" in beneficial form.

Helps to cleanse the teeth and keep them healthy.

## Wheat Board Bill Will Be Prepared By Manitoba Government

Winnipeg.—A note of optimism, portending the early passing, as the result of bountiful crops from the lands of Western Canada, of the era of depression, was sounded by Lieutenant-Governor Sir James Aikins in delivering the speech from the throne at the opening of the seventeenth Legislative Assembly of Manitoba here.

The through speech forecasted the bringing forward of legislation with a view to assisting in the formation of a wheat board to be given a test of one year. Early completion of the Hudson Bay Railway will be urged; also the suspension of existing regulations on the Great Lakes, which it is claimed, do not permit of proper competition and consequent lower freight rates in grain transportation. Legislation will also be brought down to authorize the formation of a commission to examine laws and advise upon the operation of the educational system.

The Dominion coasting regulations, under which no competition is allowed with vessels of Canadian registry, will form the subject of a resolution providing that the Dominion Government should enact legislation to make possible the suspension of the regulations when necessary.

A resolution urging the completion of the Hudson Bay Railway, and reports on the natural resources conference at Ottawa will be brought before the House, while the speech intimates that the policy of strict retrenchment which has resulted already in the dismissal of numerous employees is to be continued.

Thousands attended the opening ceremonies which were proceeded by a public ceremony at which the 55 elected representatives took their oaths as members of the House.

The problem of wheat marketing will be dealt with, it is forecast by the speech from the throne, which says:

"With a view to putting to the test for one year the method of wheat marketing for which existing legislation of the Dominion Parliament makes provision, contingent upon certain provincial legislation concurrent therewith the Government will lay before you a proposal for concurrent legislation thereby co-operating in the solution of the problem taken by the legislative assemblies of the provinces of Saskatchewan and Alberta."

### Minister of Finance Returns

Ottawa.—Apparently considerably better in health than when he left Ottawa shortly after the close of last session of Parliament, Hon. W. S. Fielding, Minister of Finance, returned to Ottawa after an absence of several months in Europe in connection with treaty matters. He expressed profound regret on learning of the sudden death of Hon. W. C. Kennedy in Florida.

### Insulin Treatment Is Successful

St. Louis.—General conclusions of physicians attached to the medical department at Washington University, who have been experimenting with insulin as a cure for diabetes, are that no one need die from that disease, if it has been announced.

Insulin has been used in thirteen cases of diabetes here.

The French pruned crop of 1922 is almost a total failure.

## French Policy In Ruhr Is Veering Towards More Milder Methods

Essen.—The French economic mission has decided to content itself for the time being with the requisitioning of coal already mined and brought to the surface, diverting to France the cars already loaded and destined for the interior of Germany and postponing for the present the idea of requisitioning the mines themselves.

### A Quick Relief for Headache

A headache is frequently caused by badly digested food, the gases and acids resulting therefrom, absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Chamberlain's Colic, Cholera and Diarrhoea Remedy will correct faulty digestion and afford relief.

W. H. U. 1454

## FAMOUS FILM STAR DEAD

WALLACE REID SUCCUMBS IN  
FIGHT AGAINST DRUG  
HABIT

Los Angeles, Cal.—Wallace Reid, motion picture actor, died recently at Hollywood. The actor came to the sanatorium, where the actor was taken a month ago, after a nervous breakdown, said by his family to have been due to his fight against the narcotic habit. Reid's wife and children were with him when he died.

Reid had been under treatment for more than a month. The direct cause of death, according to his physicians, was congestion of the lungs and kidneys, induced by the patient's recent nervous collapse.

According to Dr. Herbert, who had been attending Reid since he entered the sanatorium, the actor's health was broken by his fight to break himself of the use of narcotics.

## Learning Value of Vote

United Farm Women Are Realizing  
Their Responsibility

Calgary.—In spite of the reported decrease in membership of the United Farm Women's Association, the ninth annual convention was largely attended by most enthusiastic delegates.

The opening meeting was addressed by the Hon. Irene Parry, minister without portfolio, who urged that the women of the farms, instead of becoming depressed over conditions, concentrate on the few streaks of blue that were beginning to show along the horizon.

She outlined the plan of the Government to encourage poultry raising and the improvement of the dairy industry, stating that, if the hard times had done nothing more for the farmers of Alberta, they had opened their eyes at last to the necessity of the practice of mixed farming and more-thrifty methods.

In the report of the President, Mrs. M. L. Searns, it was stated that visits to some 60 locals made by her during the past year had shown an awakening among the women members to their responsibilities as voters.

This she attributed to the success of their movement in the recent election. Miss J. B. Kidd, Secretary, reported a slight decrease in membership but a wonderful spirit of cooperation among the women's locals to keep their organization active.

## Death of Hon. W. C. Kennedy

Minister of Railways Dies Suddenly in  
Florida

Ottawa.—News of the death of Hon. W. C. Kennedy came as a great shock to his friends and Cabinet associates here, for there were few men in public life as popular as the Minister of Railways. Recent advice from the south, where Mr. Kennedy had gone to recuperate after his two serious operations, had been of a reassuring nature, and it was believed to be only a matter of a short time before he would be able to again take up his duties as head of his department.

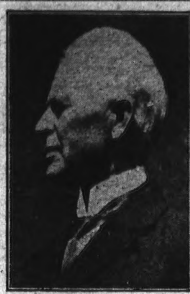

Men in all spheres of private and public life join in expression of their regret of the death of a man who had given his best in the service of his country.

The death of Mr. Kennedy makes the great break in the ranks of the Cabinet of Right Hon. Mackenzie King, which took office on December 29, 1921. It also leaves vacant one of the most important of the Cabinet portfolios at the present time. Since the illness of Mr. Kennedy, the Department of Railways and Canals, which administers the Canadian Government Marine as well as the Canadian National Railways, has been administered by Hon. R. G. Graham, Minister of National Defence.

### Claim Australian Fleet Superior

Sydney, Australia.—Commander Addison, commander of the Australian fleet, in an interview in the Sydney Herald, declared that the Australian squadron was actually better than the squadrons maintained by the Admiralty on the East Indies, Africa or North American stations.

## WESTERN EDITORS

Chas. Hynds, Editor and Proprietor of The News-Record, Lumsden, Sask.

## Line of Succession To British Crown

Prince of Wales Reported to Have  
Denied Planning to Wed

London.—Regarding the engagement of the Duke of York, second son of the King, to Lady Bowes-Lyon, daughter of the Earl of Strathmore, attention is being called to the present line of succession to the British Crown.

Next to the Prince of Wales, the heir-apparent comes the Duke of York, then Princess Henry and George, then Princess Mary (Viscountess Lascelles), then the Princess Royal, who is the King's eldest sister, Princess Arthur of Connaught, and then her son, the Earl of Mar. Next in the line of succession is the Prince of Wales, and there are children by the marriage.

Recently when a story of the probable marriage of the Prince of Wales was mentioned to the Prince by his intimates, he protested that he had no intention of taking such a plunge.

### German Marks Dropping

New York.—German marks continued their course toward the vanishing point in the foreign exchange market establishing another new low record at 55-100ths of a cent a hundred or 13.181 to the United States dollar.

At the normal one per cent rate of exchange which was 23.8 cents, each 13.181 marks would have been worth \$4.239.08.

### Aimed At Barristers

Winnipeg.—Arling out of defalcations of lawyers with trust funds in Winnipeg, Regina, Calgary and Vancouver, legislation will be sought at the forthcoming session of the legislature to have a closer tab kept on members of the legal profession handling trust funds. Prejudice of former members makes passage of the bill civil.

### Fear Steamer Lost

Digby, N.S.—A lot of charts, apparently from a steamer, picked up by fishermen at White Cove, gives rise to the belief that the steamer Bretonia, St. Pierre for New York, now given up for lost, may have foundered in the Bay of Fundy.

### Does Not Want West Indies

Washington.—The United States administration does not look with favor on the proposal made in the Senate that the United States undertake to acquire the British and French possessions in the West Indies. It was stated at the White House.

### Patrolize your local merchants and

remedy that  
cures.

Patrolize your local merchants and thereby help to build up your home town and community.

## Reported That Germany Will Ask England To Act As Mediator

### AGAIN HEADS

### FARM WOMEN

MRS. SEARS RE-ELECTED PRESIDENT OF ALBERTA LADIES' ORGANIZATION

Calgary.—Mrs. M. L. Sears, of Banff, was re-elected President of the U.F.W.A. by acclamation at the annual convention. Mrs. K. B. Gunn, of Paradise Valley, and Mrs. B. F. Kiser, of High River, were also unanimously returned to office as first and second vice-presidents, respectively.

Miss Jessie MacMillan, director of women's extension service of the Department of Agriculture, Alberta, outlined the new policy of the Government with regard to this department, stating that it was no longer being conducted for the women's institute alone, but offered its service to all the farm women of the province.

Thanks Canada For Congratulations

Ottawa.—The King sent a message of thanks in reply to one from the Governor-General conveying the congratulations of the Government and people of Canada on the engagement of the Duke of York to Lady Elizabeth Bowes-Lyon.

### Chicago Opposed to Klagen

Chicago.—By 56 to 2 votes, the City Council went on record as opposed to retaining members of the Ku Klux Klan on the city pay roll.

## CORNS

### Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freestone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freestone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

## Would Organize The Farmers Of Canada Into A National Body

Calgary.—Tentative steps were taken by the United Farmers of Alberta towards the organization of a National Farmers' Council, presumably to supplant eventually the Canadian Council of Agriculture, and eliminate from membership the United Grain Growers Limited and the Saskatchewan Cooperative Elevator Company, which are represented in the Council of Agriculture.

There was a lengthy discussion, in which delegates emphasized the importance to their movement of some co-ordinating agency, political and economic, and in the end, the following resolution was adopted unanimously:

"Whereas the growth of the farmers' movement has now reached national proportions; and

"Whereas there is great need for a body which will democratically coordinate all our federal political, social and educational activities.

"Therefore, be it resolved, that we are in favor of an organization that should include representatives from the various farmers' provincial organizations, and we herewith authorize our executive to enter into negotiations with these organizations with a view to forming an association to be known as the United Farmers of Canada."

London.—The German Government is sending a confidential mission to London to request the British Government to mediate between France and Germany, says a despatch to the Times from Essen.

The attempts being made, particularly by Italian representation to the Allied ambassadors in Rome, to bring about mediation between the French and Germans are entirely premature, according to British official opinion. Likewise, it is held that all talk of invoking action by the League of Nations or the good offices of the United States, are, for the present, useless.

It is believed here that no power can divert the French from a severe policy of obtaining reparations while they are in their present state of mind. Interference would likely only delay the time when they are to decide whether military methods of exacting payments from Germany are a success or a failure.

The British see little hope, in the situation, information reaching Downing Street indicating that the German attitude is constantly hardening, and that German labor and the Socialists are supporting the Berlin Government to a man.

## Turks May Give Land

British Request for Plot of Land in Gallipoli May Be Granted

LONDON.—An earnest appeal that Great Britain be permitted to own in her own right the soil where her soldier dead lie buried in Gallipoli, was addressed to the Turks by the British delegation. The Ottoman delegates probably will accede to this request. About one hundred thousand British fell around Gallipoli in the Great War.

There is a general belief in England that a number of British soldiers, chiefly Indians, but some English, are still prisoners in the hands of the Turks, and the Turks have agreed to release them.

Thirteen of the 18 articles of the record of the exchange of populations were nullified.

### Britain's Living Cost Decreasing

London.—The cost of living in Great Britain in December was down two points compared with the previous month's figures. This left it at 78 per cent above the cost in July, 1914.

At the beginning of last year the cost was 92 per cent above that of July, 1914.

## WHO FIRST FELT "LIKE A FIGHTING COCK"?

COCK-FIGHTING was born with the cock.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull or heavy headache, takes Chamberlain's Pills first thing in the morning. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning feeling bright, clear, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Chamberlain's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated inseparably with Chamberlain's Pills, the pills are with good health.

At All Druggists—25c and 50c

## Local and General Items

For funeral flowers phone 212.  
Crows' Nest Pass Undertaking Co.

Joe Stevenson was down from Coleman on Monday, exchanging charming smiles with old friends here.

Alberta school trustees are to meet in convention in Calgary on February 7th and 8th. It is expected that over one thousand delegates will be in attendance.

The provincial government demonstration farms at Stony Plains and Sedgewick are being advertised for sale. Tenders for the purchase are being received up to February the 8th.

Complete line of Smoked and Cured Fish always on hand at right prices. P. Burns & Co., Ltd.

In a curling competition between the ladies' presidents and vice-presidents on the local rink last week end, the vice-presidents won and subsequently had to provide a supper for themselves and their opponents.

To cut down the high cost of living, perhaps, Jack McPhail has cancelled his subscription to The Blairmore Enterprise. He has in order to offset this, we are obliged to in future cut out four drinks of good hard booze a year.

An insurance agent who started business about twenty years ago with only \$5 is now worth \$100,000. His accumulation of wealth is owing to his frugality, good habits, strict attention to business and the fact that an uncle of his died, and left him a fortune of \$99,999.

**Unvalued Products**—Shamrock Hams, whole, 35c per lb. Shamrock Bacon, whole, 46c per lb. Dominion Hams, whole, 35c per lb. Dominion Bacon, whole, 42c per lb. Saturday only at P. Burns & Co., Ltd.

The marriage of Miss Beatrice Beard to Mr. H. E. McFarland, of Calgary, was solemnized at the home of the bride's parents, corner of Seventh Avenue and State Street, on Sunday evening by the Rev. W. T. Young. The young couple joined the 11:45 train for Calgary, where we understand they are to reside.

Jack Griffiths was in town the early part of the week in company with Mr. E. A. Powers, provincial superintendent of the K. of P. insurance. Jack is organizing a branch of the Knights of Pythias and has already lined up about forty applicants for membership in the new lodge which will be instituted here shortly.

The entire debenture issue of four million dollars recently sold by the provincial government to Dillon, Reid & Co., of New York, will be handled by that firm, which has indicated its intention of taking up its option on a portion of the total amount and has already paid over the four million into the treasury. The next Alberta issue will be in May, when three million dollars will be offered competitively.

Cape Breton faces the prospect of a beerless winter as a result of the joint action of the Canadian National Railway and the Nova Scotia supreme court. Some time ago, the provincial and premier service councils applied to Premier King to stop the importation of liquor from Montreal over the Canadian National lines on the ground that it was illegal and that the government roads should themselves set the example to law observance. Then the supreme court decided that the liquor could be seized at a point on the government line.

Glendale Creamery Butter, 2 lbs. for 35c. at P. Burns & Co., Ltd.

Lots of folks today who declare they do not know us from Adam should just think of our dress.

**WANTED**—Couple of rooms for light housekeeping. Apply to The Blairmore Enterprise.

The Coleman Crystal Rink, Limited, has been incorporated with a capitalization of \$20,000.

The city mayors have been called to Edmonton to consider another draft of the model city act.

General approval of the western routes for Alberta grain has been given by the Alberta government.

Residents of the Raymond and other irrigated districts in the south of the province are making an effort to revive the sugar beet industry.

The Alberta Federation of Labor, which concluded its sessions at Medicine Hat recently, will head the next convention in Drumheller.

George H. Murray, who has been premier of Nova Scotia for the past twenty-seven years, is to retire and will likely be succeeded by Hon. James C. Tully, member for Guysboro and member of the Nova Scotia government without portfolio.

Pork Loins, whole at 32c; Legs, whole, at 25c; Shoulders, whole at 20c per lb. at P. Burns & Co., Ltd.

It is to be hoped that there is no truth to the report that Taber is liable to drop from the Crow League before completion of this season's series. Taber has a good, strong, well-balanced team and is making a fair record this season.

The Hillcrest Curling Club will give their third annual ball at Hillcrest on Monday night next. Balloons, confetti and jazz caps will be featured. The dance will start about 9:30, so that parties attending the hockey game at Bellevue will have an opportunity of warming up after the game.

A couple of Italians were arrested by Sgt. Scott, of the A. P. P. here on Tuesday, charged with outluring a fellow countryman the previous evening. We understand that the victim is lying in hospital suffering from a brutal beating which included several slashes from knives or other weapons.

A concert will be given in the Union hall at Hillcrest on Tuesday night next, by English, Italian and Ukrainian talent. A special feature will be a five-round boxing exhibition by James Burrows, the old reliable, and Dick Marshall, the ever-able. A dance will follow. See bills for further information.

Pulling teeth from a person's ear is the dearest in dental surgery, but we know of a party who suffered because a lady at the arena shed several of her teeth into a Blairmore's ear the other night, while shouting in the interest of the Coleman hockey players. The dentist is now taking an impression from the teeth in the hope that the lady who coughed them up may be identified.

About three hundred, comprising children of the Sunday School and their parents and friends, attended the Sunday School rally at the Union church on Sunday morning last, when diplomas and medals were awarded to teachers and pupils for proficiency in attendance. Several children were awarded the seven-year bars, quite a number the five-year bars, and about thirty the three-year bars and diplomas.

"Does anybody here fancy Blairmore?" Ask Bob Livett. Taber has organized a ladies' hockey team. Here's wishin' 'em luck!

Solicitor Putnam has returned from a visit to Calgary and Edmonton.

The Oddfellows' hall, at Sask-Ville, N. B., was destroyed by fire on January the 7th.

Jazz music was discovered by a dog with a tin can on his tail chasing a 1915 flyover.

**FOR SALE**—Household furniture. Apply C. G. Ferrier, McLauren's sawmill, 25 ft c.

The Fernie Swastikas defeated a Calgary "star ladies" hockey team at Calgary last night.

The Grand Sheikh of Hillcrest will give a dance at Hillcrest on the night of February the 16th.

The local Robekahs are holding their regular fortnightly, whilst drive tonight in the I.O.O.F. hall.

Rev. W. McNicholl and P. G. Thomas have been recommended by citizens of High River as justices of the peace.

A number of local folks journeyed to Coleman last night to witness degrees being conferred at the meeting of the K. of P.

In the plebiscite taken in Prince Edward Island on Monday, that province voted for one dry prohibition, prohibiting the importation of liquor.

Charging Mayor Duggan, of Edmonton, with having practiced bribery and corruption in the recent elections, Hyman King is asking that the election of Duggan be nullified.

The local lawyers defeated the bankers on the curling rink last week. The teams comprised: Bankers—Wilson, McLeod, McDougall, Bird. Lawyers—MacKenzie, Gillis, Judge McDonald and Kelly.

Sumerville's hardware store at Edmonton was completely gutted by fire on Monday night, with a loss estimated at not less than two hundred thousand dollars. A short electric circuit is believed to have been the cause.

P. Burns & Co., Ltd., offer for Saturday only, Dominion Link Sausage, 22c per lb. Ideal Bolo at 15c. Weiners at 22c. Head Cheese at 18c. Cheese Loaf at 23c. Compressed Ham at 25c.

One of our young ladies said to her father the other day: "Daddy, how do you like my new party gown?" The father replied: "Why, daughter, surely you are not going out with half your back exposed?" The daughter looked into the mirror and replied: "Oh, daddy, how stupid of me, I've got the silly dress on backward."

In the supreme court at Edmonton on Tuesday, before Mr. Justice Simmons, William Ryan, vice-president of District 18, U. M. W. of A., was found guilty of assault. Ryan, in company with pickets, tried to restrain a Black Diamond boss carpenter from going to work while a strike was in progress in the Edmonton district.

We understand that a copy of our issue of last week, containing copy of a communication sent by J. W. McDonald, of Macleod, to the attorney-general at Edmonton, has been sent to the office of the government of Montana State. Reference to matter contained in this now famous document will also be made in the next issue of the Christian Science Monitor.

**FOR SALE**—Brunswick-Balke Bar fixtures, suitable for first-class hotel, soft drink emporium, ice cream parlor, tea room, restaurant or club. Eight-foot writing table and four arm chairs, four large pictures—enlarged photographic views of Canadian Rockies. Also a lady's white-diamond ring, 1 1/2 carat. For further particulars apply to A. Manuel, Creston, B. C. (25-2)

## PUBLIC NOTICE

**PUBLIC NOTICE** is hereby given that the annual meeting of the electors of the Town of Blairmore will be held in the Town Office on Friday, the 26th day of January, 1928, at seven o'clock p.m., for the purpose of receiving the financial statements for the year ended December 31st, 1927.

F. WRIGHT,  
Secretary-Treasurer.

## PUBLIC NOTICE

**PUBLIC NOTICE** is hereby given that the annual meeting of the electors of Blairmore School District No. 628 will be held at the Town Office on Friday, January the 26th, at 7 p.m., for the purpose of receiving the financial statements and auditor's report for the year ended December 31st, 1927.

J. R. GRESHAM,  
Secretary.

## HILLCREST HAPPENINGS

Miss Margaret Foster has returned after spending a few days in Calgary.

Pincher Creek curlers came down on Wednesday and "pinched" the Burns Cup.

Watch for the announcement of the big dance of the season—balloons, zeppelins—caterpillars, etc.

Mr. and Mrs. J. McMullen are receiving congratulations over the birth of a baby girl. Mother and child are doing well.

Quite a number of Hillcrestites visited Blairmore on Wednesday night to see the wrestling match on the Blairmore arena.

The choir paid a surprise visit to Peaceful Valley on Saturday evening, calling upon the bride-elect, Miss E. Fox, with a linen shower.

Bellevue silver band will give a band concert in the picture theatre on Sunday night at 8:30. Mr. T. Johnson, of Coleman, will sing.

Miss Alice Jennings is spending a few days with her sister, Mrs. Gower, at Passburg, prior to leaving for Vancouver to re-join her parents.

It's probably out of respect for Pruden; but it's noticeable, every time Pruden comes down the ice the caps rise from the heads of opposing players.

## CARD OF THANKS

Mrs. Wallace Sharpe wishes to thank all those who sent floral tributes, and were so kind in her recent bereavement.

## IN MEMORIAM

In Loving Memory of  
Kate Ellen  
Wife of Albert Hallworth  
Mother of Florence, Margaret, Gladys and Freddie Hallworth  
Who died January 24th, 1922.

A wife, a mother, went from our home just a year ago today,  
So sadly and sudden the parting came  
As she went on her heavenly way.

We miss her, and mourn her, but  
though she is gone  
Her influence still holds sway,  
And we hope to meet her in the  
"Better Home,"  
In the Light of Eternal Day.

A. Hallworth and Family.

In Fond Remembrance  
of our dear sister,  
Mrs. Albert Hallworth  
Who died at Bellevue on  
January the twenty-fourth, 1922

Inserted by  
Fred Chappell, Cadomin  
Mrs. Shaw, Cadomin, Alta.

C. G. Ferrier and family, of McLaren's Mill, intend leaving shortly for the coast, where they will spend a few months.

Members of Bellevue and Blairmore Encampments, F. O. D. F., held a joint installation of officers in the local hall last night.

Secretary Caccioni, of the local Union, U. M. W. of A., who was operated on at Medicine Hat for appendicitis, is fast recovering and able to be around.

Otis Dortch, nineteen-year-old boy, was on Wednesday sentenced to hang for the murder of Charles Kelly, a Vulcan farmer. His younger brother, Otello, was set free.

Henry Zak has purchased the free residence of Mr. S. Trono on Dearborn Street. Mr. Trono contemplates erecting a business block on Victoria Street, work on which will shortly commence.

Down in a United States city it has been discovered that the prosecuting attorney, the judge and police officers were all connected with a whiskey ring. Oh, glory, what a grand and glorious feeling!

One often has to glance at a report of the Blairmore-Coleman hockey game, contained in Wednesday's issue of the Lethbridge Herald, to know that it originated in the mind of a Colemanite.

Forty years ago Canada was fourth among the ownership of naval tonnage in the world. Now she's so formidable that all the foreign nations of the world are sitting up with periscopes trying to locate her.

Rev. Dr. Percy Gordon, assistant rector and superintendent of the Sunday school of St. Barth-

olomew's church, New York, for many years, committed suicide by shooting himself through the head with a revolver.

Pincher Creek's representation at the curling tournament here yesterday included Jack Kelly, Robert Henderson, Dr. Geerting, Dr. Gillespie, Thomas Yates, Sam Fraser, A. L. Freebairn, T. J. Cumberland, D. L. McCrea, E. J. Duffield, H. Hosenberry, W. Gregory and R. Allison.

Fable: Once upon a time there was a man who declared he got more exercise out of beating a rug than from playing golf.

## SIMPLE ADDITION

"I am selling adding machines," announced the new travelling salesman to the country storekeeper. "I have the best adding machine on earth. It will add any number of figures accurately."

"Reckon I don't need one," replied the storekeeper, shifting his seat on the cracker barrel.

"But man, how else can you keep up with things?"

"Wal, I got a plenty good enough system. I cut a notch on the counter every time I make a sale."

—American Legion Weekly.

Fable: Once upon a time there was a man who just loved to pay his town and school taxes and could hardly wait for the payment dates to come around each year.

Fixing the blame: "Can you keep a secret, Peggy?"  
Peggy: "I can, but it's just my luck to tell things to other girls who can't."
